Q1 : I was happy to participate in the Bruges meeting		
Very much so	80,7%	46
Yes	19,3%	11
To some extent	0,0%	0

Questions 1 to 12 received 57 answers, representing over 100 participants, a good 80% of the total !

Q2 : I had enough time to chat with my former colleagues		
Very much so	42,1%	24
Yes	50,9%	29
To some extent	7,0%	4

Very few negative ("to some extent" or "not really") answers,,, It looks like we satisfied, if not everybody, a large majority of the participants !

Q3 : The location for the meeting was judicious		
Very much so	66,7%	38
Yes	26,3%	15
To some extent	5,3%	3
Not really	1,8%	1

Q4 : The event registration process was smooth and easy

Q6 : The total cost per person (excluding travel costs) of reunion was		
Excessive	12,3%	7
Reasonable	87,7%	50

Q7 : The meals were good and pleasant					
	Very much so	Yes	To some extent	Not really	Did not attend
Friday night at hotel	29.8% (17)	59.6% (34)	8.8% (5)	0.0% (0)	1.8% (1)
Saturday buffet lunch at "De Halve Maan"	17.5% (10)	42.1% (24)	26.3% (15)	10.5% (6)	3.5% (2)

Sunday lunch at "Maximiliaan Van Oostenrijk"	12.3% (7)	24.6% (14)	24.6% (14)	17.5% (10)	21.1% (12)

Friday dinner at the hotel and the "Gala" dinner at Concert Hall were very much appreciated, Buffet lunch on Saturday was not a big success, a cheese/dessert buffet should really have been added, As for the Sunday lunch, it was clearly a failure, mostly because of another pork main dish ! Sorry folks, it was a mistake from the restaurant, we had ordered BEEF Brugian style, and got PORK instead,,,

Q8 : The touristic program was interesting and well organised					
	Very much so	Yes	To some extent	Not really	Did not attend

You enjoyed the Saturday morning (boat, horse carriage, walk) visit, in spite of a rather cold and humid weather,,,

Sunday morning programme was appreciated by most of the participants,

BEST LIKED

54 comments were received, 23 of them retain the Gala dinner as the best souvenir ! The friendly atmosphere (like in the good old days,,,), the band, the sight of the City, the dancing, were very appreciated and made the Saturday evening a real success,,,

Next "best" is meeting old and new friends, getting together, old times spirit,,, which was chosen by 17 of the participants !

4 retained the boat ride, a dozen other, various, answers are listed below

Alliance welcome drink Friday night Welcome by Bruges municipality Alliance Dinner-Dance

Bruges as a city was very good a great choice - small friendly with plenty to do and see.

City atmosphere

City walk with horses ! (more sun next time, please)

Generally appreciated the whole weekend, difficult to pick out a 'best'

Groeningen museum, Highlights of Bruges, Townhall

Municipality and groeningemuseum

Superb guiding at the Groeningemuseum. And not a single dumpling in sight at any of the meals!

Tasting the "expat" family feeling !!!!! to be able to meet Sivakumar Nadarajah and Teresa Diaz in person to talk about my difficulties to reach BACO Record Keeping Dept.

The beer factory and groeningemuseum guided tour.

The opportunity to do and see something that alone we would never have thought of.

The reception room in the town hall

Visit of the brewery museum (+ getting together and hearing oil patch anecdotes !!!)

LEAST LIKED

47 comments were received, 5 found nothing they did not like,,,

9 complained about the weather (lol), but the main grudges (13) are about the meals, mostly about the Sunday lunch and over abundance of pork as main dish,,, As explained all ready, this was due to a misunderstanding between the tour operator and the restaurant, we thought we were going to have beef,,, At least, we avoided dumplings,,,

20 other criticisms are listed below, As you can see, some of the disliked events can also be found on previous page as best liked events,,, The horse carriage part was not entirely satisfying,,,

Absence of many friends who used to attend. Cost too high? Unpleasant weather?

BORING GUIDE ON SUNDAY MORNING. WASTE OF TIME.

Brewery visit. Too long.

Brewry

Chocolate - Museum

Climbing the small stairways in the Brewery. It was a good idea not to serve beers prior to that exercise. The stairways were very much like the ones on offshore Rigs

GETTING THERE WITHOUT GPS **LOL !**

Highlights of Bruges mainly because of the weather which prevented us from stopping, seeing things and getting explanations: the **horse carriage** had no microphone!

I was very surprised that at the age of 61, I was one of the youngest persons there. Is there a difference in relationship between Engineers and Schlumberger for those who were hired before 1978 and those who were hired after 1978? Is this because this corresponded with the time when logging transitioned from "panels" to a CSU, or was it simply because younger people are still working?

Maybe the walking on Sunday am took up too much time and left us with a shortened visit to the art gallery

More lobbying needed for sport activities, i.e. only 4 golfers.

Price and quality of Saturday evening meal

The "cigar" smell of the hotel room... I mentioned it at the reception!

The **horse cart** tour without explanations the weather!!

The Hotel was old fashioned (architecture and plumber) and not easy to handle luggage

The meals way overpriced and except for the desserts sometimes quite poor and uneatable. What happened to Belgian cuisine which is supposed to be so good?

The Sunday city walk , but the Choco Story was fine

The walking tour was somewhat disorganised and rather hurried. We could not get on a **carriage** so had to walk to the boat and probably missed some of the sights of Bruges

Too much walking

Travel through Bruges in **horse carriage** : No explanations a driver but not a guide, no real visits. Done that on 2 other occasion and better organised.

OTHER COMMENTS

33 "other" comments, listed below, Some are repetitions of already made comments
Comments, when needed, are in red after the comment itself,

Thanks to those who expressed their appreciation !

Great time and the best we have had so far. **An extra day** could be considered in the future.

This would increase significantly the cost of the reunion,,,

None

General assembly timing: **why not from 3 to 6 pm** at arrival? this will leave a whole afternoon "together"
Some people arrive late, and some others play golf,,,

First visit of Belgium. Very interesting week: the north sea coast, Bruges then Gand and Brussels with the Nyberg as "impromptu" passengers. Pleasant meeting but so many unknown people!

Good presentations by Schlumberger. So far we always attended the full touristic program (and felt a bit exhausted at the end). This time we had limited time and selected our own leisure program. Next time we will certainly return to at least part of the touristic program

General Assembly : Congratulation for Eric's time keeper job, **We could maybe have made a silent minute for Pierre Ensleme.**

YES, and I am sorry I did not think of it, in fact, I had intended to say a few words about Pierre Friday evening, before the welcome drinks, but could not speak at all because of the noise,,,

Thanks to team for great weekend

Too much Pork in meals. Too bad for our muslim friends. Sunday meal was supposed to be BEEF !

I was VERY SURPRISED that Schlumberger was less generous with supplying wine and asked for an Administrative Fee. Having been nearly KILLED twice on the roads in Indonesia while working for Schlumberger I would have thought that it was not necessary for Schlumberger to sink to asking for an Administrative Fee.

The administrative obligatory contribution was NOT for Alliance or Schlumberger !!! It was paid to the tour operator who organized the visits and meals, We always pay that fee, but usually, it is "hidden" and included in visits and meals costs, We were unable to have the same arrangement this time, sorry ! LESS GENEROUS WITH WINE ???? All meals included wine in unlimited quantity, and even I had enough to drink,,, so I don't understand that remark,,,

Not pleased with the separate obligatory contribution

Hotel was ideally located with respect to the train station

Found cost of lunch at Halve Maan + sat evening dinner way too expensive for what provided !

Meeting venue not well chose,. **Too many tourists, really ? , awful weather, mea culpa !!! already been there,, Wherever we go, somebody has already been there, I'm afraid,,,**

Bruges is an expensive venue, it was a poor choice. It's a pretty town but chock full of tourists and not very thrilling for those (many) of us who previously visited that city (in our case, on more than one occasion). Lousy weather didn't help either.

It was a wonderful reunion. Happy to have met so many old friends.

Spring or September would be better timing

Good balance of activities, all near the Hotel, reasonable walking = very successful meeting

EXCELLENT MEETING AND VERY GOOD SPEACH FROM OUR CHIEF

Last payment for the meeting was done on April 3rd instead of May 15th without warning.

Price over quality for meals but friday evening was excessive. **Looks like the organiser took a fair margin and had an organization cost on top,**

Cost was high, not because of an excessive margin, but because we had to pay for renting the Concert Hall room, which does not happen when we have the meal in the hotel or restaurant, No suitable restaurant was available, The nice jazz band trio which all appreciated did not play for free either,,, In fact, the price of the saturday dinner was not that much more expensive than for some other reunions, where packages were proposed, including hotel rooms, friday and saturday dinners,,, Organization cost has been explained above,

Very nice and well organized meeting

The visit of the Bruges municipality was a highlight considering the building architecture and decoration, but I would rather have the aperitive and dinner at the same place

Keep organizing the meetings

Well organised by the committee - congratulations

To me this was the most enjoyable of the three Reunions I have attended so far : Pitlochry, Prague, Bruges

Thank you to the organisers for arranging such a successful meeting.

GOOD JOB, SPECIAL THANKS TO PATRICK VANDENABEELE

Well organised

The weather could have been better - but it did not interfere with the programme.

Revisiting Bruges was exciting

Too much time in brewery

Pleasant overall mood

Definitely a need to encourage more newer members to the group - it feels like it is fading a bit.

GENERAL MEETING

45 attended the General Assembly and answered the questions

The general assembly was					
	Excellent	Good	Fine	Could be better	Poor
Organisation	42.2% (19)	57.8% (26)	0.0% (0)	0.0% (0)	0.0% (0)

SL support	31.1% (14)	57.8% (26)	8.9% (4)	2.2% (1)	0.0% (0)
Schlumberger's Western Geco seismic business	46.7% (21)	37.8% (17)	15.6% (7)	0.0% (0)	0.0% (0)

With 80 to 90% and more "excellent" or "good" appreciations for all subjects but one, we can consider that the General Assembly was well conducted and a success, Baco and ISC part receives a slightly less enthusiastic acceptance, although still quite good, maybe because of the resentment some are still feeling ?

FUTURE REUNIONS

1. In a reunion, the most important is (in decreasing order)

	1st choice	2nd choice	3rd choice	4th choice	5th choice	Rating Average
Meeting old friends	80.0% (148)	16.2% (30)	2.7% (5)	0.0% (0)	1.1% (2)	9.28
The choice of the site	18.4% (34)	56.2% (104)	19.5% (36)	4.9% (9)	1.1% (2)	6.90
The cost	1.6% (3)	15.1% (28)	22.2% (41)	25.4% (47)	35.7% (66)	3.45
The visits	0.0% (0)	4.9% (9)	30.8% (57)	39.5% (73)	24.9% (46)	3.31
The food and drinks	0.0% (0)	7.6% (14)	24.9% (46)	30.3% (56)	37.3% (69)	3.05

Topics are affected with the following coefficients : 10, 7, 5, 3 and 1 if chosen as 1st, 2nd, 3rd, 4th or 5th most important, The total is divided by 185, number of answers received, Not surprisingly, just like in the previous years, meeting old friends is THE most important, for over 80% of the participants, followed by the choice of the site, But the cost, which was the least important matter in the past years, comes now in 3rd position ! See in the next two pages what is considered as a reasonable cost,,,

2, Do you intend to participate in a forthcoming Alliance Schlumberger reunion?

	Response Percent	Response Count
yes	49.8%	105
maybe	43.6%	92
no	6.6%	14

3, Next reunions should be held preferably

	Response Percent	Response Count
1st half of June	31.4%	58
2nd half of June	25.9%	48
1st half of September	17.8%	33
2nd half of September	24.9%	46

It's nice to know that many of you intend to keep coming to our reunions, but it's going to be very difficult to satisfy everybody !!! We'll do our best,,,

A few more suggestion, ideas and remarks,,,

The price for the hotel should be normal 4* minus volume discount. A gala dinner for 130-180 persons is always a quality problem! A normal good dinner in a nice restaurant would be our preference and better value for money but the second half of September is also good.

Try to get some young(ish) people to attend. **(No idea how!) !!!**

Personally I have enjoyed the reunions where we have taken over a chateau outside a city and had the relaxing ambience of the chateau's grounds as well as the chateau itself.

Could it be possible for SL to consider sponsoring/ sharing the cost?

SL funds Alliance, and Alliance always supports part of the costs,, Like buses from hotel to City Hall and Concert Hall to spare our legs, for example,,

I like the current programme centred on a main compulsory dinner with voluntary tours and distractions later (or even before) then busy people can just come for the dinner.

General Meeting on Friday Afternoon leaves the full Saturday for visits could be a little further away, golf on Sunday afternoon.

BASE CHOICE OF VENUE AND DATE ON THE PREVAILING WEATHER CONDITIONS THERE. COLDER CITIES WILL BE BEST IN SEPTEMBER, WARMER VENUES IN JUNE.

Somehow I dislike using an external agent to organise although I understand the difficulties and time requirements on a few individuals if we do it otherwise.

Notifications via email. **????**

Most of Alliance members and friends have worked in South America....it should be considered for next meetings, as otherwise it becomes an Europeans Only event.

Suggest a location of US North-East coastal city IF there is a successful push to include North American participants. Locations further south would change the timing preference to First half of June (Mediterranean choices).

Those who hope to spend a complete week-end, with two nights at the hotel, four meals and two touristic visits for less than 300 or 400 € must sleep in Formule-1 hotels, eat sandwiches and see nothing of the city ! COUNTRY FOR THE NEXT MEETING

Not an easy one to assess,,, We have attempted to classify the listed destinations by giving 15 points for each "Fantastic" answer, 5 for a "sounds good" one, 0 for "why not" and 10 negative points for "never", The total is then divided by the total number of answers, giving the rating average listed below,

Vienna comes clearly as the first choice, followed by **Barcelona and Croatia or former Yugoslavian republics**, All three destinations have more than 60% of good or fantastic, with very few "haters" (about 6% only), **Tyrol** comes next, Sevilla (already been there !), Rome and Istanbul follow, but all three raise non negligible opposition,,, Berlin is a last possibility, all other destinations have more indifferent (why not ?) and no-go (never) than interested participants,

The most "not liked" places are Naples (bad reputation of thefts ?), Anatolia and Athens (fear of public disorders ?), and very surprisingly, for me at least : Glasgow !!! I can't find any reason why so many reject this lovely city,,,

Your answers give us the tracks to follow when we shall start studying the possibilities for 2013, There is no guarantee that we shall go to Austria, Barcelona, Croatia or Berlin, since the choice is also a function of the hotels and prices we can negotiate,,,
