ACTIVITIES IN THE EMIRATES

- From January to March, Benoit Barbier and Sanjaya Sood contacted ex-SLBs in view of opening an ALLIANCE Chapter in the Emirates
- On April 15, 30 people had a kick-off dinner at the Segreto restaurant in Dubai. Two SLB HR representative were present
- A plan was made for a meeting on October 20 where 2018 activities will be agreed upon

Myanmar reunion

January 2017

Myanmar was a superb trip - I really enjoyed our stay there including all the Pagodas.
The local team did a superb job of organizing interesting visits.

I loved the boat trip on the estuary of the Yangon River, for me moving around on a boat is the best way to calmly get to know all the participants whilst enjoying the sights.

The company was lovely too.

The two buses were well organized and the sights we were taken to were for me so different and such a learning experience!

The food at all the venues was well prepared and beautifully served in timely fashion.

The total number of participants was a plus for this reunion as it was large enough to meet new people but small enough to talk to everyone - delightful.

Impressive Gala Dinner

A quantum jump from Bali 2015

Good support from local management

2018 Asia reunion

Two contenders for the next Asia reunion:

- **Balikpapan** followed (optionally) by **Komodo Island**

Connecting with the past, retracing the past, Balikpapan will be great for some people (SLB had big activities there in the 70's) and there is a big base there now. Balikpapan has changed a lot.

- **Ho Chi Minh City** followed (optionally) by **Halong Bay**

It is a big advantage to meet in a country which has a large Schlumberger presence, with their full support and having current connections with SLB.

ALLIANCE Asia is a mature association
