16:15 - 16:45	Schlumberger Guest Presentation.....	SLB Speaker
16:45 - 17:00	Q&A Session (Business questions).....	Benoit Barbier

Presidents Report

PRESENTER: JIM DONEGAN

ALLIANCE Schlumberger

Our Mission

ALLIANCE Schlumberger aims to enable former Schlumberger field engineers and geoscientists to maintain the bonds of trust and friendship formed during their working relationship.

ALLIANCE Schlumberger does this by providing contact details of fellow members, disseminating pertinent news and organizing regular reunions.

Maintaining the SLB “Spirit” even in our “Golden Years”

ALLIANCE Schlumberger

Membership

Membership of ALLIANCE Schlumberger is open to all former field engineers and geoscientists, aged 50 or more, with a seniority of 5 years or more, of all companies in the Schlumberger group.

Membership is subject to the approval of the Board of Directors.

ALLIANCE Schlumberger

ALLIANCE Schlumberger - Board

ALLIANCE Schlumberger

A challenging time for all

- The past 2 years have been full of uncertainty over how to manage AS in a Pandemic and as to whether to proceed or not with a reunions
- Enormous pleasure and relief that we did proceed safely with 2021 reunion
- People were very pleased to meet in person after a long time isolated
- We are optimistic for the future, and we are already planning 2022/23 reunions

Douro (Portugal) – September 2021

ALLIANCE Schlumberger

2021 Douro reunion – Overall

Q29 Would you like another cruise reunion in the long term (not before 2024)?

Answered: 52 Skipped: 205

- Cruise format is well appreciated, it fits the needs of the group: relaxing atmosphere, enough time to meet old and new friends, good services, comfort...
- The cruise afforded the ability to see a lot of sites in a short period of time and gave us time to spend with former colleagues and meet new SLB people
- Enough time and occasions to meet different friends in a relaxing and beautiful environment
- A cruise is an outstanding way of interacting with ex-colleagues and getting to know some new people
- A great reunion formula for social gathering, the boat lounge was an excellent venue

Sounds like let's do it again...

ALLIANCE Schlumberger

Thank You

GORDON MOWAT

ALLIANCE Schlumberger

Potential Alliance Reunion in Northern Spain

June or September 2023

Research by Alan Sibbit and Gordon Mowat

Santander in Cantabria, Bilbao & Donostia-San Sebastian in País Vasco (Euskadi)

- All have a good selection of hotels, good travel infrastructure, restaurants & bars, and golf

• Santander

- beaches and beach hotels
- unspoiled mediæval village nearby
- spectacular National Park
- central access to sites east & west

• Bilbao

- Guggenheim Museum
- city river walk
- close to Basque cities & Rioja wine country
- distant access to sites in the west

• Donostia-San Sebastian

- Prettier than Bilbao
- close to Basque cities and French Pays Basque, & Rioja wine country
- distant access to sites in the west

ALLIANCE Schlumberger

Santander, Cantabria

- Transportation
 - Ryanair & Vueling, several EU & UK destinations, as well as Spanish airlines
 - Brittany Ferries to England (Plymouth, Portsmouth) and Ireland (Cork & Rosslare)
 - Easy driving distance from south and west France, north Italy, Spain & Portugal
- Many large hotels overlooking El Sardinero beach and the Bay of Biscay
 - EuroStars Hotel Réal for example
- Réal Golf de Pedreña
 - Spectacular golf links

Bilbao, País Vasco (Euskadi)

- Transportation
 - Wide selection of airlines with EU and UK destinations, as well as Spanish airlines
 - Ferries to England (Portsmouth), Ireland (Rosslare) and France (Roscoff)
 - Easy driving distance from south and west France, north Italy, Spain & Portugal
- Many large hotels overlooking the Ria (estuary) de Bilbao
 - Meliá Bilbao for example
- Réal Golf de Neguri
 - Spectacular golf links

Donostia-San Sebastian, País Vasco (Euskadi)

- Transportation
 - Served by either Bilbao or Biarritz (France) airports, many flights to EU & UK destinations
 - Ferries from nearby Bilbao to England (Portsmouth), Ireland (Rosslare) & France (Roscoff)
 - Easy driving distance from south and west France, north Italy, Spain & Portugal
- Many large hotels overlooking Bahia de la Concha or on the banks of the Urumea river
 - TRYP San Sebastian Orly Hotel for example
- Réal Nuevo Golf de Basozabal
 - Spectacular golf course in rolling hills

Nearby Destinations

More Distant Destinations – extensions or personal trips

(distances are based on Santander)

- Castilla & León – **Burgos** (180 km), **León** (260 km)
- La Rioja wine country – **Haro**, **Logroño** (250 km)
- País Vasco (Euskadi) – Basque country – **Guernica** (Gernika) (130 km), **Vitoria-Gasteiz** (160 km), **San Sebastián** (Donostia) (200 km)
- Navarre – **Pamplona** (250 km)
- Aragón – **Zaragoza** (400 km)
- Asturias – **Oviedo** (190 km)
- Galicia – **A Coruña**, **Santiago de Compostela** (500 km)

Climate in June – Santander, Bilbao, San Sebastian, León

- Tends to be wet on Bay of Biscay, drier south of the mountains, as in León

Santander

- rain 70mm
- temp 18°C

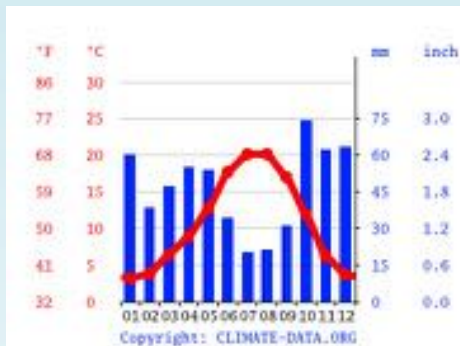

Bilbao

- rain 75mm
- temp 17°C

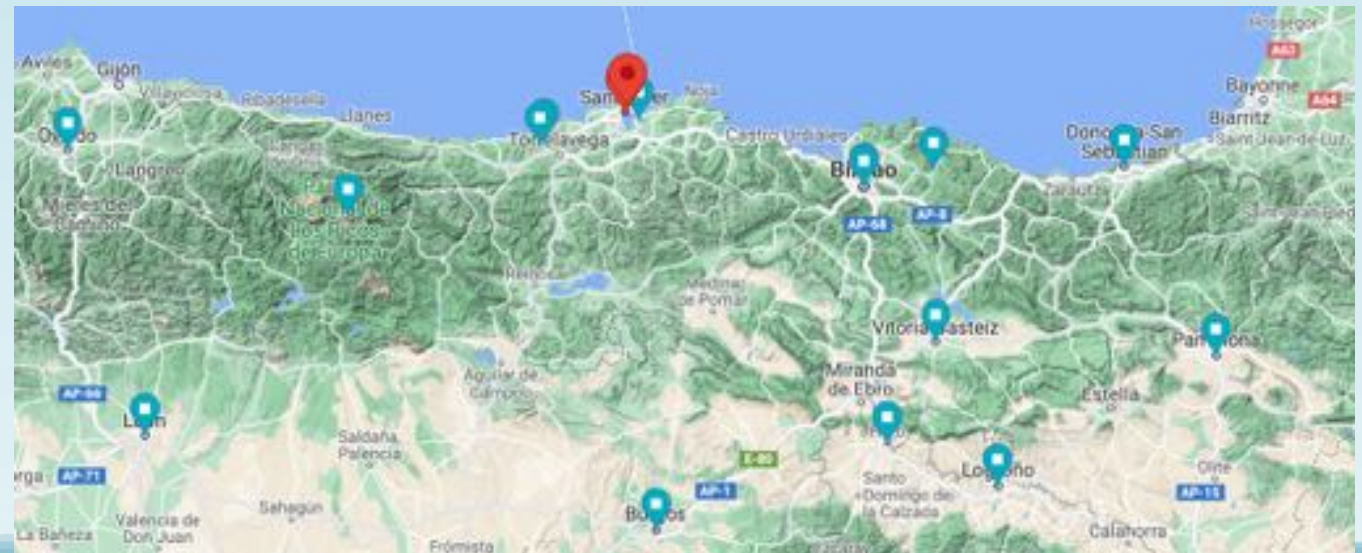

San Sebastian

- rain 90mm
- temp 17°C

León

- rain 32mm
- temp 18°C

ALLIANCE Schlumberger

Food in Cantabria and País Vasco is Spectacularly Good

Financial Report

Pierre BIHAN

ALLIANCE Schlumberger

Financial Comments 2020

- In Q4-2019-Q1-2020, Alliance Schlumberger also supported the organisation of LAM Panama reunion using our bank account to prepay some of the activities. A reunion profit is kept in our account for sponsoring of next LAM reunion.
- SLB yearly sponsorship irregularly paid (2019 contribution of 14,000€ paid in 2020, 2020 contribution of 4,000€ paid in 2021, 14,000€ contribution of 2021 submitted).
- Douro cruise initial 50% prepayments were requested at project launch in Feb-2020 (subsequent positive cash flow in 2020).
- Some prepayments were initiated to suppliers in 2019 and 2020 for Douro Portugal 2021 Cruise and Thessaloniki Greece 2022 Reunion.
- Douro Cruise was conducted on a break-even scenario and its financial recap will be presented at next year AGM.

Panama LAM 2020 Reunion Financial Recap

Panama - Alliance Reunion Costs (3 activities)	EUR €	Panama - Participants Direct Billings	EUR €
Hotel Intercontinental Miramar	11 513,90 €	Participants Contributions	20 615,00 €
Expenses - Drinks, Cruise	6 001,98 €	First Time Participation Fees (47)	4 700,00 €
Expenses - Folklore Show, DJ, Bus transport for cruise	2 984,51 €	Credit Card Payment Commissions	-331,44 €
Stationnaries	182,00 €		
Indirect IT Expenses (online store set-up and IT support)	810,39 €		
Total Costs	21 492,78 €	Total Net Income	24 983,56 €
		Panama Reunion Profit (31-Mar-2020)	-3 490,78 €

3 activities from the Alliance Schlumberger Panama 2020 Reunion were paid via our bank account and credit card payment system (welcome reception, gala dinner and sunset cruise).

47 new Alliance Schlumberger participants settled their new participant fee.

A positive € balance is kept in our account for sponsoring of the next LAM reunion.

REZA RAHIM

ALLIANCE Schlumberger

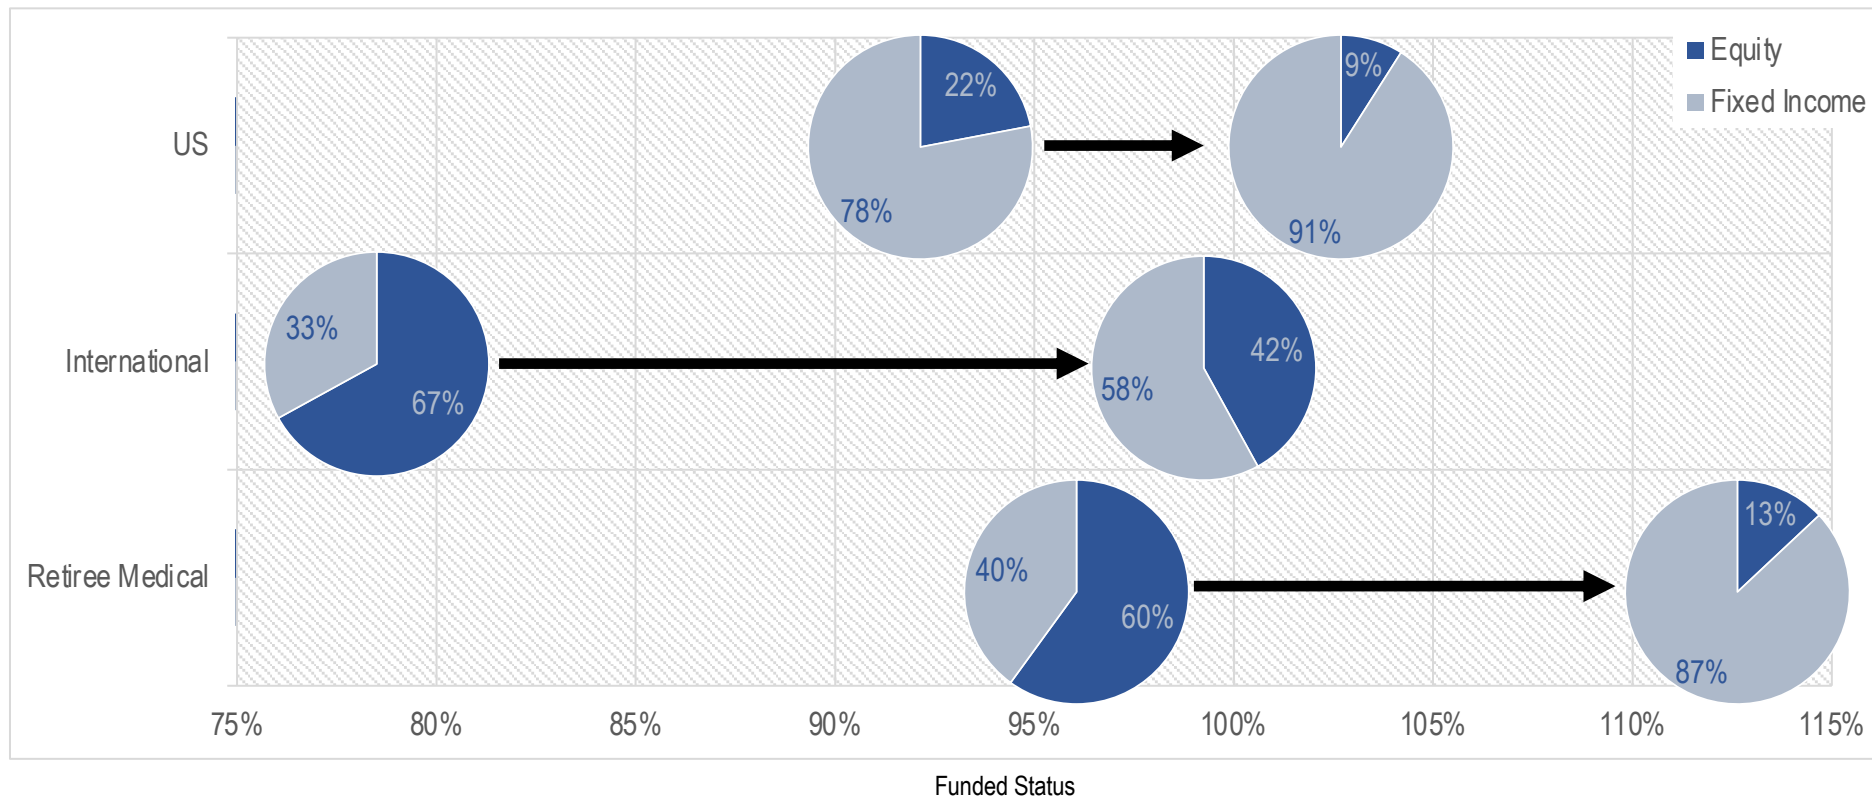

Alliance Annual General Meeting

November 2021

Defined Benefits Plans Funded Status & Asset Allocation

LDI Strategy Progress to September 30, 2021

- Defined Benefit Plans (inc. ISPP) continue to be well funded
 - Funding being secured via de-risking

DMP 2020 Update

- Current 2021 rates to be held for 2022 renewals – no increases
- Claims patterns disrupted by COVID
 - Premium decisions deferred pending return to more normal patterns
- Funding status remains healthy
- Future considerations
 - Inclusion of telehealth
 - Increase of overall limits (subject to impact on premiums)

DMP Q&A

Q. Will there be a pension update for ISPP

A. Realistically, there will be no pension update for the foreseeable future and potentially there may not any future pension updates.

Q. How well funded is the plan

A. As per my first slide, the plan is well funded and we are de-risking the investments to ensure that the funding level is protected against market volatility.

Q. Do we monitor Cigna service quality

A. Yes, we have a comprehensive set of SLAs which are reviewed at quarterly service quality meetings. If members experience SQ issues please feel free to raise them directly to SLB.

Q. DMP Status

A. We have kept DMP rates flat for 2022, this is the second year we have held rates for the majority of members. We continue to monitor the impact of COVID on plan funding.

Q. Why do I have to submit a Certificate of Existence (CoE) annually (single) or bi-annually (married)

A. The CoE is required to ensure that pension payments do not continue after the passing of a retiree as we do not have any other mechanism to consistently notify us when these unfortunate events happen.

Thank You

Sustainability in Schlumberger

Embedded in Vision & Purpose

We will define and drive high performance, **sustainably**.

Together we create amazing technology that unlocks **access to energy**, for the **benefit of all**.

Taking Climate Action

- Getting to Net Zero
- Investing in energy transition
- Managing climate and transition risk

Creating Opportunity

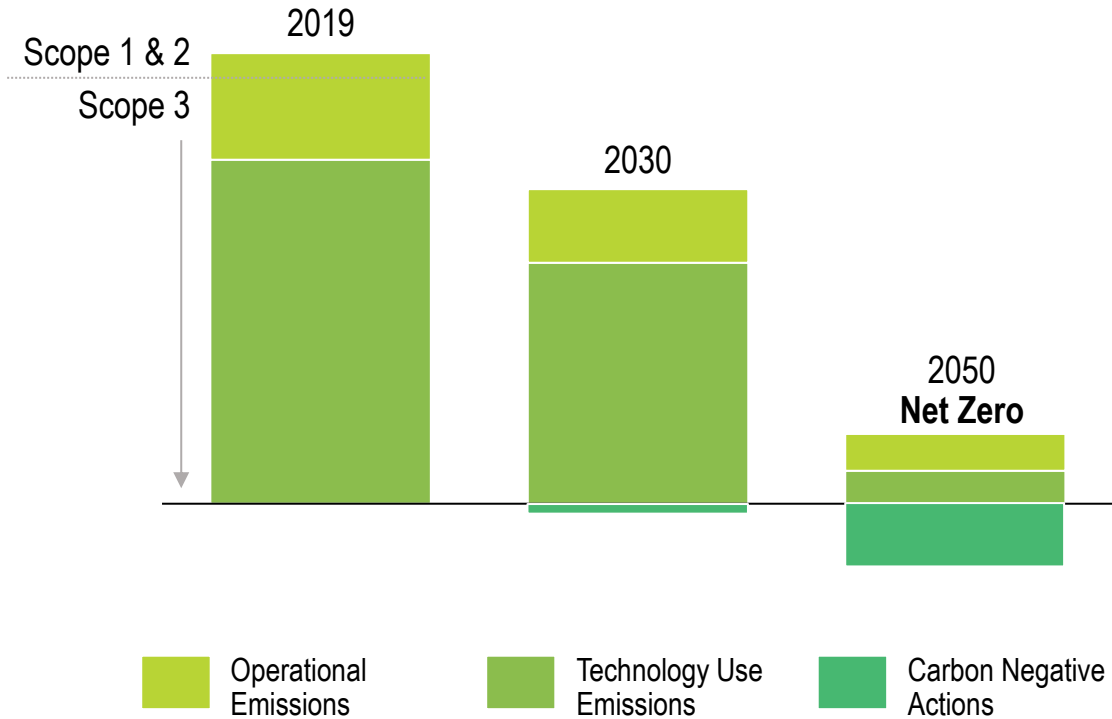

- Regional & local technology capability
- Diversity as a competitive advantage

Empowering Local Teams

- Locally defined UN SDG focus
- Technology mapped to UN SDGs

Our Science-based Commitment to Net Zero

- Industry leading Scope 3 inclusive target to get to **net zero by 2050**.
- Ambition to achieve **net zero** with carbon-negative solutions.
- Comprehensive near-term roadmap with **interim targets**:

2025
Scope 1&2

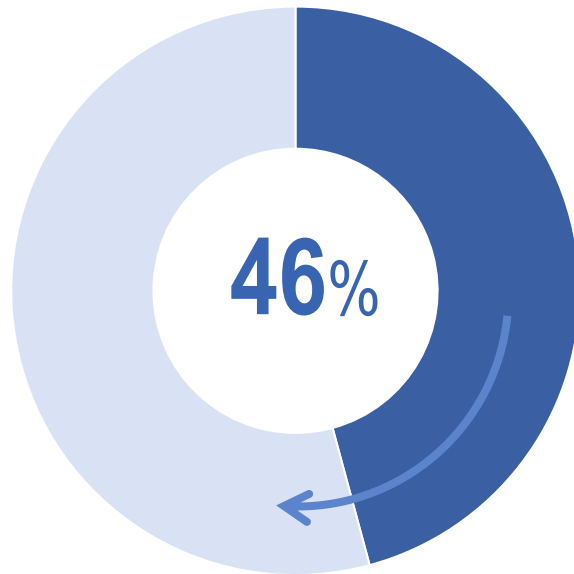

2030

Address Fugitive Emissions

Optimize Drilling CO₂ Footprint

Reduce or Eliminate Flaring

Electrification

Schlumberger New Energy

Carbon

CCS

Providing carbon capture and storage solutions to partners with concentrated emissions streams

Hydrogen

Genvia

Commercializing reversible solid oxide electrolyzer technology to produce clean hydrogen

Geoenergy

Celsius Energy

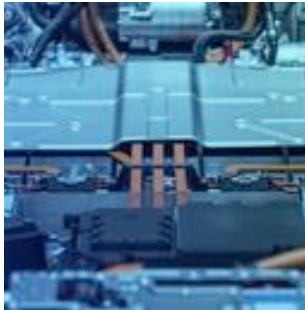

Using geo-energy sources to provide digitally controlled heating and cooling for buildings

Geothermal

GeoFrame Energy

Leveraging our subsurface and drilling expertise to develop geothermal power projects

Lithium

NeoLith Energy

Deploying a sustainable DLE process for a faster, on-demand and scalable battery-grade lithium production

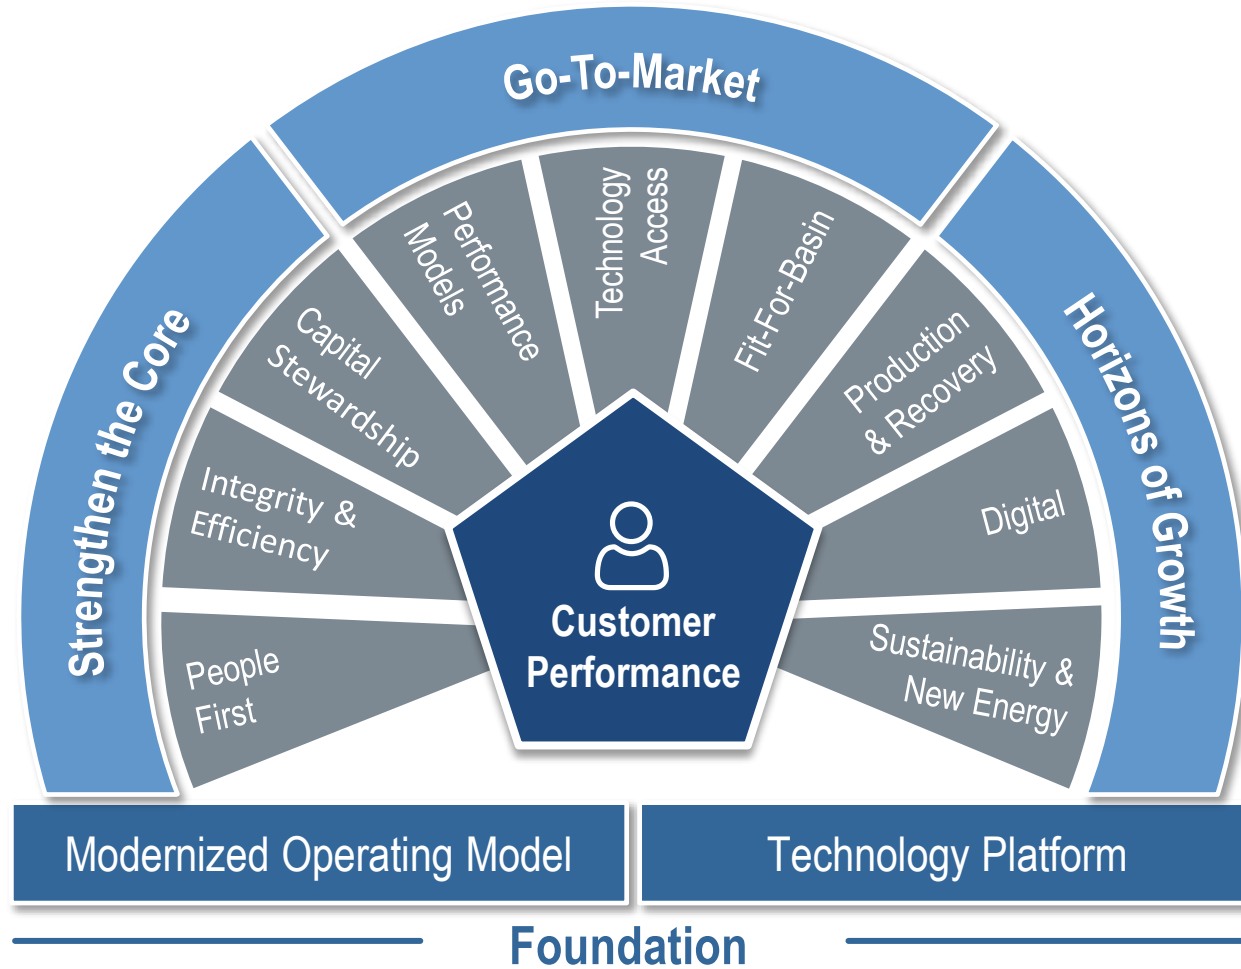

Energy Storage

EnerVenue

Deploying nickel-hydrogen battery technology to accelerate the stationary energy storage markets

The Future of Schlumberger is Bright

Q&A

Hydrogen:

Hydrogen/fuel cell will be an alternative to BEV, especially for heavy transport. How does SLB see the "blue" hydrogen (natural gas is split into hydrogen and CO₂), especially with adverse public opinion on fossil fuels?

What is Schlumberger's view on the viability of Hydrogen as a source of household energy storage, or as a private transportation energy source? What type of services, software, or equipment can Schlumberger sell to green Hydrogen Producers?

Geothermal:

How actively are we pursuing the geothermal market, besides the efforts already in place with Celsius and Geothermex? For Oil Majors and for SLB it has always been a natural extension of the traditional reservoir characterization and well construction activities... Is SLB looking at acquiring some existing technology to extend its portfolio in that area?

Q&A continued

Strategy:

The COP26 event demonstrates an increasing social and political pressure towards the discontinuation of fossil fuels usage as soon as possible. How is that impacting Schlumberger's move towards New Energy? Faster? Bigger?

Are there growth targets for the New Energy businesses within Schlumberger and is there a plan to set up a division for New Energy so the investors can see the transition of SLB to a long-term growth company?

Are there any studies as to what SLB will be in 10-20 years from now? I am aware of the move from "Hydrocarbon" to "Energy" but not sure what that means for SLB makeup in the future.

What is the future for Schlumberger for the next 15 years, and what is the status of the new "green" activity, and at what pace will it tend to replace the traditional O&G activity?

The advent of SLB New Energy must generate a significant new workforce with its own characteristics, different from the traditional SLB ones. What challenges does that create for the HR function?

Finance:

When could we expect to get back 100% of our dividends?
